

ABS Technologies, Inc.

BACKGROUND ABS Technologies, Inc. is a licensed Video Surveillance Equipment provider and installer with security clearance from the Commonwealth of Massachusetts Department of Criminal Justice Information Services and Department of Public Safety.

ABS offers *state-of-the-art* video surveillance solutions that are rugged, high-performance 3, 5, 6, and 7 megapixel IP camera technology for indoor, outdoor, commercial and residential use. Best of all, our cameras have **no moving parts** yet they pan/tilt/zoom. They also have interchangeable lenses. Some of the unique features of our cameras include, but are not limited to, two-way audio, 180 & 360 degree angles of view, noise level notification, and more. Bullet-proof IP dual cameras for corner mounting are also available. Our cameras have also been tested in extreme weather conditions in Antarctica.

CULTURE ABS excels at providing *Best-In-Class* video surveillance solutions. The cost-effective and durable life-span on equipment is 9.7 years. Our clients range from large automobile dealerships to gas stations, merchants, and private residences. We always strive to remain accessible and responsive to each and every one of our clients in order to meet and exceed their specific technical needs.

SERVICES ABS specialize in the design, sale, and deployment of decentralized or centralized HD quality surveillance cameras, NVRs, VMS recording solutions, NAS storage devices, and radio frequency antennas that provide robust weatherproof access points, license plate cameras, thermal graphic cameras, and other essential surveillance technologies to provide Best-In-Class surveillance solutions.
