

LP, 45, & 78 RECORDS TO CD OR MP3

Do you have a collection of old phonograph records just sitting around collecting dust? Now, it is possible to transfer those records into high-quality digital formats so that you can preserve them and enjoy them on your digital players, such as car stereo, iPods, iPhones, smart phones and even your computer.

We have made this process very simple for you. First, gather up all the records you would like to transfer to either CD or mp3 format. Next, complete the order form below. Then, ship them to us and we will take care of the rest. In most cases, we will process your order within 5 business days upon receipt and ship back your records and the format(s) that you have selected.

For safe shipping, we recommend wrapping your records in two layers of **bubble wrap** and filling your box with newspaper so they will not rattle around. UPS, USPS, DHL and FedEx each offer **insurance** for pennies per dollar of insurance, if you are concerned about the safety of your precious record collection.

Two levels of service are available to choose from:

Standard transfer service includes cleaning the record and transferring the audio to a digital format. The songs are then burned to a 24K Gold Reflective Layer Safe Archive CD-R. With the Standard option, all the songs on one side play through without the ability to select individual songs. The price for this service is just **\$19.95** per record.

Deluxe transfer service includes cleaning the record, and transferring the audio to a digital format. The indexed tracks are then burned to a 24K Gold Reflective Layer Safe Archive CD-R. If you want to be able to select any song randomly, select the **Deluxe** option. The price is just **\$29.95** per record.

NOTE: Please call for details about our special volume discount pricing.

CUSTOMER FORM

Name		Phone		
Address			E-mail	
City		State		Zip
Shipping Method	<input type="checkbox"/> UPS <input type="checkbox"/> USPS <input type="checkbox"/> DHL <input type="checkbox"/> FedEx (Please circle one)			

I _____ enclosed the records listed on the order form from my collection.

I am the owner of the enclosed recordings and I respect the copyright laws. I agree that the materials being copied is for *my personal use only* and are not for the purpose of duplicating, distribution, or redistribution, publishing, broadcasting, net casting or any other form of digital or analog copying and distribution.

Based on the above pricing my cost for transferring the records will be: \$_____ plus the postage for return shipping and handling from the carrier above I have selected.
