

\*Only available with interactive monitoring

## Features "At A Glance"

**All the cellular sensors you need.** Sensors can be up to 400-500 feet from the base station.

**Cellular allows your home/office security system to communicate quickly** with our monitoring center—and it means you *do not need to have a phone line*. We include it free of charge. (Most companies require you to buy additional equipment and charge up to \$55 per month for cellular monitoring whereas we **ONLY CHARGE \$15 per month** (monitoring is also optional)).

**No contract.** If you choose to use our monitoring service, you just pay as you go. Easily cancel anytime (just call us), with no termination fees or hassle.

**Police dispatch, professional monitoring, and phone alerts...** at an optional cost that's incredibly low.

**Premium Lithium Batteries Last 5 Years.** You can easily replace them or we can replace them every five years. And it works in power outages, because it's not dependent on the power grid.

**Pet-friendly.** Works great with pets of all sizes. Most pets less than 30-50 pounds won't be detected by the Motion Sensor. Place our sensor 5 feet off the ground, and your cats or small dogs can laze or race around without triggering an alarm.

**Ease of use.** When you leave, press the "Away" button to fully activate all of your home security system's sensors. Use "Home" mode for partial activation of your system—all sensors except your Motion Sensors will be armed.

**The most affordable security systems** you have ever seen. That is why it gets the thumbs-up from design-conscious pros like Elle Decor.

**Four layers of defense.** The system has some ingenious ways of out-foxing even the most intelligent burglar.

**Three guarantees.** We take all the risk, because we know from experience how happy you will be with your new alarm.

# AFFORDABLE SECURITY SYSTEMS

	DELUXE	PLUS	STARTER
BASE STATION	1	1	1
KEYPAD	1	1	1
MOTION SENSOR	1	1	1
ENTRY SENSORS	4	3	1

KEYCHAIN REMOTE	1	1	1
WATER SENSOR	1	-	
FREE DECAL	2	1	1
<b>PACKAGE PRICE</b>	<b>\$779.99</b>	<b>\$559.99</b>	<b>\$429.99</b>

## ADDITIONAL SENSORS

<p><b>Entry Sensor</b> (protection for doors and windows) We recommend you purchase an Entry Sensor for your front and back doors and any windows you want to protect on the FIRST floor of your home.</p>	\$59.99
<p><b>Motion Sensor</b> (detects the heat emanating from a burglar's body) Its field of vision detects motion within 30 feet and spreads a 90° blanket of protection across a room. This unit is also engineered not to detect pets under 50 lbs.</p>	\$59.99
<p><b>Smoke Detector</b> (firefighters straight to your door) Triggers when a fire is still smoldering, before it blocks exits and does large-scale damage. Loud system-wide sirens jolt everyone awake and out of the house.</p>	\$59.99
<p><b>Carbon Monoxide Detector</b> (sniff out deadly gas leaks) Detects poisonous CO long before it endangers your family. Experts recommend CO detectors be placed outside sleeping areas and on every floor of your home.</p>	\$69.99
<p><b>Panic Button</b> (press it to instantly trigger an alarm) If you are at home during an intrusion, press this to instantly trigger your alarm—we will send the police to the rescue.</p>	\$39.99
<p><b>Keychain Remote</b> (a handy key fob for arming your system) Makes arming and disarming your security system as easy as locking your car. It also has a panic button to instantly trigger your alarm.</p>	\$54.99
<p><b>Extra 105dB Siren</b> (the burglar blaster) At 4X louder than your Base Station's built-in siren, this Extra Siren will scare any burglar—they will think a freight train just landed in your living room.</p>	\$79.99
<p><b>Extra Keypad</b> (The safest keypad in the industry) Arm or disarm your system using up to 5 PIN codes. Place it by your door and it will beep to trick burglars, while your Base Station secretly sends the alarm signal.</p>	\$89.99
<p><b>Freeze Sensor</b> (prevent costly damage from bursting pipes) Will trigger an alarm whenever your home temperature falls below 41°F, giving you early warning of potential bursting pipes.</p>	\$49.99
<p><b>Water Sensor</b> (prevent costly damage from leaks and floods) Undetected floods and leaks can lead to nasty mold infestations, ruined carpets, warped wood floors, damaged cabinetry and more.</p>	\$49.99
