

CENTRAL STATION MONITORING SERVICE

ABS has partnered with another family owned and operated company providing exceptional customer satisfaction serving Cape Cod and Southern Massachusetts for more than 35 years. This *state-of-the-art* facility is UL Certified for police, fire, ambulance, rescue, and interactive devices throughout your premise.

24/7 REMOTE ACCESS

With Smart Home Control, you dictate how a device should react, when it should react, and why it should react. You set the schedule and the rest is automated based upon your personal preferences providing total security, convenience, control, money savings, and an overall smarter home environment. The system can also alert you to events that you might want to know about right away while you are gone, like water leaks and unexpected access to your home. At any time, you can use your iPhone, Android and/or Tablet to control and change the settings in your home.

COMFORT, CONTROL, AND SECURITY

Connected Home Solutions for Every Lifestyle and Budget

Security, Control, and Peace of Mind

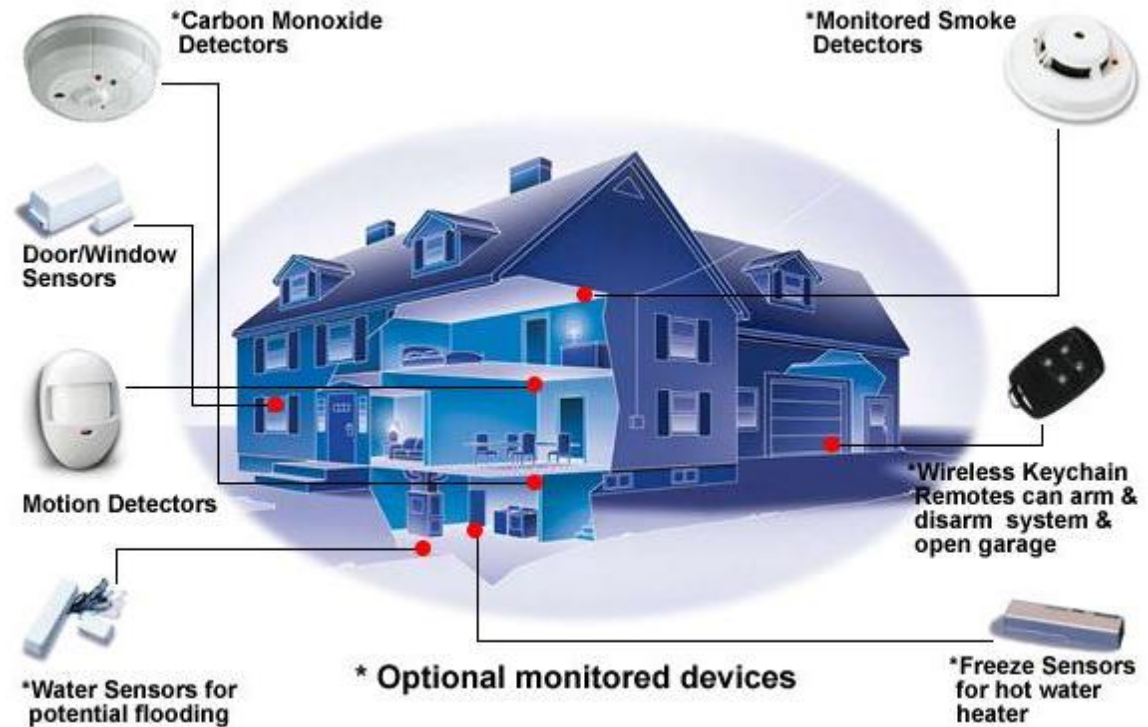

Enter your home today and have the lights and temperature set perfectly for your arrival. Unlock a door or control your security system from your Smartphone. Whether you are looking to save money, conserve energy or live a more comfortable life, ABS has a Smart Home Control Solution that can work with your lifestyle, budget, and grow with your changing technical needs.

Save Money and Energy

Our basic energy management solutions can automatically adjust your thermostat or turn your lights on or off when you use your security system. As a result, you will ultimately generate lower energy bills and a higher comfort level. It is simply the easiest way to save money while conserving valuable resources daily.

Stay Connected and In Control

Our solution will instantly allow you to control your home environment, including the ability to view video or control your lights, locks, garage doors and shades on your smart devices whether you are at home or away.
