

LIVE / ON-DEMAND VIDEO STREAMING

ABS Technologies provides state of the art Hi-Def Video Broadcasting of your events and/or conferences LIVE on the Internet, offering you with new business opportunities to distance audiences around the world.

We also provide you with a team of qualified engineers to film your event and the technology to play it LIVE on the Internet. On-Demand copies of the LIVE stream are also available after each event.

With a small outlay, your audience can have access to your conference or event, from anywhere in the world.

Please contact us to arrange a meeting and we can show you how LIVE Video Streaming can profit your company.
