### ON-SITE TECHNICAL SERVICES

Our technicians are **PC Doctor Certified**, and provide more than 300 Windows Diagnostic Tests. We can also repair your computer in the convenience of your home or office, in most cases, if special parts do not need to be ordered. Some repairs may require a return visit if parts need to be ordered and installed.

A detailed report is provided to the client which includes system information, and test information. A comparison report between any two snapshots of the system that shows all changes made between those snapshots is also available.

So why not call our toll-free number today to schedule an appointment for on-site technical services today!

### REMOTE DESKTOP ACCESS

The cost for each remote session will be **\$14.95**, charged in 1/2 hour increments, to solve your computer problems without the hassle of bringing your computer into our shop.

Why suffer with inconvenience, or worse, wait until a minor problem becomes a major one?

We can resolve many of your computer problems by simply remotely connecting to your computer.

Payment is required at the beginning of each session. We accept MasterCard, Visa, or American Express credit cards.

### CASH REFERRAL PROGRAM

Refer a friend or family member to ABS Technologies and if they purchase any of our products and/or services we will send YOU a check for **\$10** for each referral.

For more information contact:  
**ABS Technologies** Toll Free at  
**1-877-888-8894** for a free consultation.
