

## BABY MATERNITY PORTRAITS... AT THE HOSPITAL

*All the precious memories of your newborn baby are taken in the hospital room. We deliver your baby photos to you on a personalized CD-ROM or DVD using a professional grade Nikon SLR Digital Camera.*

### LITTLE MIRACLE PLAN

For \$75 you will receive a one hour photo session with up to 36 photos to choose from including: baby in hospital bassinet, father and mother of baby, grandparents, other family members, and friends.

Your favorite newborn baby photos can also be copied, used as a screen saver, made into a photomontage with or without music, and/or emailed to family and friends.

Please be sure to review the *Frequently Asked Questions* on the reverse side of this brochure.

### TESTIMONY

"The photo CD-Rom you created for our son Jacob was the best thing I could ever imagine to put in his keep sake box! It was so comforting to know that someone would come to my hospital room to make memories of my newborn baby, and I did not have to worry about anything. It was all done for us at our convenience too. We could not be more pleased at the quality of life that was captured in these photos of my husband and I, and my newborn son! We recommend anyone who wants to save memorable moments to contact ABS and welcome them into your hospital, home, and into your lives!"

## FREQUENTLY ASKED QUESTIONS:

### When will my baby be photographed?

Our photographer will visit your room once you have scheduled an appointment and determined a time that is convenient for you. Appointments may be scheduled the same day your baby is born, or any day before you leave the hospital.

### How will I see my baby's pictures?

You will be presented with a slideshow of your baby's images during the photo session for your review.

### What should my baby wear?

We suggest something simple in design, and in color patterns, but you can choose whatever you like.

### When do I purchase the portraits?

You can purchase these photos the same day by completing our credit card authorization form. We accept Visa, MasterCard, and American Express. Photos will then be sent to your home with a tracking number via U.S. Postal Mail. Please make sure you provide us with a *valid and legible* email address to receive the tracking number for your photos.

### Can my new born portraits be put online?

Yes! Your portraits can be posted online within 24 business hours after they are taken and payment has been received. Your portraits will also be password protected, and stay online for 10 days after they are posted on our site. Your portraits will automatically be removed and are not able to be re-posted after this period has expired. Please speak with your photographer for more details.
