YOUR STORY

Your wedding will be one of the most wonderful and memorable experiences of your life and ABS Media Productions will create a beautifully detailed story of your day. Our photojournalists and filmmakers will capture both the main events of the day and all of the spontaneous, emotional moments in between that make your day unique.

THE TEAM APPROACH

ABS Media Productions believes in the power of a team. We have assembled experts throughout the process who are focused on delivering your vision and wedding memories that you will love. From planning your wedding day coverage to the final design of your wedding album, the ABS Team is behind the scenes, focused on delivering outstanding service at an unbelievable value. Through surveys and feedback, our customers tell us that the ABS approach delivers a superior product and experience.

Award-Winning Photographers

Our photographers are skilled photojournalists who will capture the story of your wedding day as it unfolds naturally. They will capture every moment you expect, and even some you don't. We have assembled the most awarded photographers in the wedding industry. Only one out of every ten photographers who apply is ultimately certified to be part of the ABS Team.

The Matching Process

Every couple has a vision for their day, and we are here to ensure that your day is captured as it unfolds. Through an extensive consultation process, and our Personal Style Assessment Tool, we create a style profile to match your vision and requirements for your wedding day. Nearly 100% of ABS brides are happy with their initial photographer match, but if you do not feel the photographer is the right fit, we will assign you a new one.

Guaranteed

There are no second chances to capture a once-in-a-lifetime moment. You need a photographer and videographer you can trust. ABS Media Productions stands behind its commitments with a 100% satisfaction guarantee. You will love our work. If you are dissatisfied, we will do everything we can to make it right.
