# Website Maintenance Packages

At **ABS Technologies**, we understand the importance of keeping your site current. Without timely information on your Website, your company can appear slow, sluggish and nonresponsive. And we know the biggest problem is "lack of time."

**ABS Technologies** has created an easy to use on-line maintenance scheduling system, which was developed to provide businesses immediate access to submit their request(s) to us anytime. Our process is flexible, user-friendly and allows access to our on-line staff monitoring your requests. Customers who purchase anyone of our maintenance packages will have the confidence of knowing that their Website will receive the attention it needs to be successful.

**ABS Technologies** has many different plans to meet any company's needs. There is no obligation to set up an account. However, price discounts and higher priority levels are available with signed service plan agreements.

## Pay-As-You-Go Plan
   All tasks started within 72 hours based on number of hours required to complete.
   Billed in 15 minute increments at $45/Hr.

## Priority Bronze
   All tasks started within 48 hours based on number of hours required to complete.
   Billed in 15 minute increments at $50/Hr.

## Express
   All tasks start within 24 hours based on number of hours required to complete.
   Billed in 15 minute increments at $55/Hr.

There is no charge for periodic minor maintenance. However, if the changes you requested below involve more than what we consider **minor maintenance (i.e. a few line of text added or deleted, adding or deleting images without any graphical alteration, etc)**, we will be happy to provide you with a written estimate before proceeding with your request.
